

Westgate, Windsor, and Ivy Hill are happy to announce a

Virtual Family Math Night

open to all grade K-2 families

WEDNESDAY, APRIL 7 • 6:30-7:30 PM

We have a fun evening planned for parents and caregivers with students in grades K-2.

We'll share the groundbreaking Bedtime Math app as well as hands-on math activities to help you and your student explore math at home. Get ready to experience math in a whole new way!

Bedtime Math is a national nonprofit based right here in New Jersey that inspires kids to love math so they embrace and excel at it.

They send out a wacky new math problem every day for parents and kids to do together, with different levels of challenge. Kids who did Bedtime Math improved their math skills by three months or more.
